CREDIT UNION MEMBERSHIP:

Borrower(s) who are not current members are required to establish a Credit Union membership. Credit Union membership requires a \$0.01 (par value share) deposit account for an individual or a \$0.02 deposit for a joint account to be maintained.

MINIMUM PAYMENT:

Making only the minimum required payment extends the length of time to pay off credit and increases the amount of interest paid. Payments are applied first to interest due and then any remaining amount is applied to principal. For example: A \$10,000 balance, with no additional advances (charges, etc.) on a line of credit charging 12.00% interest per year would require 16 years and 10 months to repay at a minimum payment of the greater of 2.50% on the balance or \$25.00. During this time (16 years, 10 months) you would make 200 payments varying between \$252.00 and a final (201st) payment of \$5.56. Paying more than the minimum payment would reduce this time and the interest paid.

COLLECTION COSTS:

You agree to pay all costs of collecting the amount you owe under this agreement including court and attorney's fees not of the unpaid debt or as allowed under applicable laws.

LATE CHARGE (LOANS):

If your loan payment is TEN (10) or more days late you promise to pay a late charge of 5.00% of the payment due, or \$10, whichever is greater. Home Equity Lines of Credit (HELOCs) incur a late charge of 5.00% if the payment is more than five (5) days late.

1. ANNUAL PERCENTAGE RATE (APR)

Your Annual Percentage Rate (APR) will be determined by your past credit performance (Managed Risk Program). The Annual Percentage Rate (APR) is shown as a range of available APRs with the exception of credit cards which have a managed risk rate assigned by card type. Share and Share Certificate secured loans and other flat rate loans are not subject to managed risk pricing. Loan APRs may differ based on credit history (Managed Risk Program), the Loan to Value (LTV) ratio of the loan collateral (security) and fees that may constitute finance charges. Your actual APR will be included in the initial Truth in Lending (TIL) disclosure or, for real estate loans, the Good Faith Estimate (GFE) you receive based on the specifics of your actual circumstances and loan application.

FLOOR RATES ARE IN EFFECT: 3.00% APR FOR CONSUMER LOANS (Secured and Unsecured):

Members may not be able to apply all applicable rate discounts if such discounts would result in a final APR below the current floor rate.

2. MAXIMUM SIGNATURE CREDIT
